

SAFEX SAFETY DATA SHEET

Date: 17.08. 07

This data sheet is a company-own development in dependence on 2001/58/EC, because EC-security data sheets are intended **only for chemical materials or preparations** but not for **(technical) products or subjects** and therefore much information can not be communicated. This SAFEX security data sheet should fulfill in a better way the duty to disclose information of the manufacturer for a safe application, however, replaces in no way the operating instructions for the specific product, the processing indications and any instruction leaflets or product information's.

1 PRODUCT AND COMPANY/UNDERTAKING

1.1 Identification of the product:

SAFEX-NEBELSTREIFEN (Smoke stripes) - all variations -

1.2 Use of the substance/preparation:

Creating very small amounts of fog and smoke for film- photo- and TV-productions as well as for technical and scientific applications

1.3 Company/undertaking:

**GÜNTHER SCHAIDT - SAFEX-CHEMIE GMBH - BLANKENESER CHAUSSEE 26/32 - D 22869
SCHENEFELD**

Tel.: +49 (0) 40 - 83 92 11-0 - FAX: +49 (0) 40 - 830 14 52 - eMail: info@safex.de

1.4 Emergency telephone:

+49 (0) 40 83 92 110 or +49 (0) 40 830 99 560

2 COMPOSITION/INFORMATION ON INGREDIENTS

Environmental and ecologically acceptable incense strips (waxy impregnated paper strips) which are regarding to its chemical purity fulfils the requirements of the German Food and Commodity law.

3 HAZARDS

Slight fire hazard due to the fact, that the stripes when used are glowing like a cigarette

4 FIRST AID MEASURES

Routes of exposure:

- Inhalation:** produced fog/smoke only in very high concentrations can slightly irritate, in this case bring exposed persons into fresh air.
- Ingestion:** Not to expect
- Skin:** Not to expect
- Eyes:** Not to expect
- Burns:** treat as normal flesh burns, no specific hazard expected

5 FIRE-FIGHTING MEASURES

- suitable extinguishing media:** Water
- not suitable extinguishing media:** not applicable
- special exposure hazards:** non
- special protective equipment:** no special requirements

6 ACCIDENTAL RELEASE MEASURES

- personal precautions:** not applicable
- environmental precautions:** not necessary
- methods for cleaning up:** not applicable

7 HANDLING AND STORAGE

7.1 Handling:

Keep stripes dry, away from igniting sources, use only as directed, see handling information's, do not inhale concentrated fog/smoke directly.

7.2 Storage:

no special requirements

7.2 Specific use(s):

use only at fireproof places

8 EXPOSURE CONTROLS/PERSONAL PROTECTION

SAFEX SAFETY DATA SHEET

Date: 17.08. 07

This data sheet is a company-own development in dependence on 2001/58/EC, because EC-security data sheets are intended **only for chemical materials or preparations** but not for **(technical) products or subjects** and therefore much information can not be communicated. This SAFEX security data sheet should fulfill in a better way the duty to disclose information of the manufacturer for a safe application, however, replaces in no way the operating instructions for the specific product, the processing indications and any instruction leaflets or product information's.

8.1 Exposure limit values:	not applicable
8.2 Exposure controls:	use only small pieces in well ventilated area
8.2.1 Occupational exposure controls:	not applicable
8.2.1.1 Respiratory protection:	not necessary
8.2.1.2 Hand protection:	not applicable
8.2.1.3 Eye protection:	not applicable
8.2.1.4 Skin protection	not applicable
8.2.2 Environmental exposure controls:	not applicable

9 PHYSICAL AND CHEMICAL PROPERTIES

9.1 General information:	
Appearance:	red/yellow impregnated paper strips
Odour:	perfumed
9.3 Other information:	
for safe use read always instruction	

10. STABILITY AND REACTIVITY

10.1 Conditions to avoid:	not applicable
10.2 Materials to avoid:	not applicable
10.3 Hazardous decomposition products:	Not to expect

11 TOXICOLOGICAL INFORMATION

All components are practically non toxic, the smoke substance is classified as food additives or auxiliary materials in food preparation. The produced smoke/fog is in its toxicological effects comparable to classic incense powders, sticks and cones.

The vaporizing substance and the paper fulfill the purity demands of the German Food and Commodity law and are **free** of toxic components, like heavy metals, chlorine compounds, organic cyclic or polycyclic HC as well as other poisonous or noxious materials!

There are also no indications for carcinogen or related effects in the literature.

12. ECOLOGICAL INFORMATION

12.1 Ecotoxicity:	Not to expect
12.1 Mobility:	not applicable
12.3 Persistence and degradability:	not applicable
12.4 Bioaccumulative potential:	not applicable
12.5 Other adverse effects	Not to expect

13 DISPOSAL CONSIDERATIONS

no special requirements

14 TRANSPORT INFORMATION

not applicable, product is not a dangerous good in respect of ADR, RID, IATA DGR, IMCO etc.

15 REGULATORY INFORMATION

This product is not considered as a dangerous substance following the terms of the guide EEC concerning the classification and the labelling. Therefore this safety data sheet is not obligatory [Article 1 paragraph 1a) and 1b) of directive 91/155/CEE]

16 OTHER INFORMATION

It can be a fire hazard in theatres and studios, permission of fire safety authorities may be required, therefore it
